

WE'RE NOT CRAZY!!!

Let me get this straight.

You Republican leaders invade another country (Iraq) under false pretenses, occupy it for over five years, kill over 1 million of its citizens, destroy that nation's infrastructure (water, sewage, roads, schools, bridges, etc), stir up warfare between its people, sacrifice 4500 of your own forces, squander \$700 Billion of your own nation's treasury, claim you have established a lesser state of terror in that country than you originally created,

and then you declare that the surge is working and we're winning.

DO YOU THINK WE'RE STUPID!???

Then, on top of that,

You Democratic "opponents" refuse to call for impeachment for this five-year-old war crime, say that the country you both collaborated in destroying now has the finances and resources to take care of itself,

proclaim you want to pull out all but 40,000 of the troops and move them to that other country (Afghanistan) to wreak further havoc and destruction than the both of you (Republicans and Democrats) have perpetuated there – these last seven years.

DO YOU THINK WE'RE CRAZY!???

Then, to further challenge our sanity

You both commit over \$800 Billion worth of welfare for those companies which you allowed to run rampant over our economy all these years.

And you both want to export this form of highway robbery (some call it capitalism) to even more poor countries in the form of free trade deals, which further enrich your common friends who reign over those same companies.

DO YOU THINK THE PEOPLE OF THOSE POOR COUNTRIES ARE CRAZY!???

We don't need an election, that pretends we have a choice.

WE THE PEOPLE
